## WORKING EXPERIENCE

---

**Hangry**, West Jakarta

Feb 2024 – Jun 2024

*Frontend Engineer Intern*

- Translated design mockups into responsive, interactive web pages using HTML, JavaScript, and CSS.
- Utilized frameworks and libraries such as React JS, Tailwind CSS, and SASS to develop modern, efficient user interfaces.
- Developed and maintained a wide range of reusable UI components, ensuring they are optimized for performance and accessibility across different devices and screen sizes.
- Implemented data fetching mechanisms using GraphQL and REST APIs to integrate frontend components with backend services.
- Collaborated closely with the backend team to ensure data payloads were accurate and consistent, resulting in seamless data flow and functionality within applications.
- Worked in an agile development environment, participating in daily stand-ups, sprint planning, and code reviews.
- Collaborated with cross-functional teams including designers, product managers, and other developers to deliver high-quality features and improvements.

**University of Brawijaya (FILKOM)**, Malang

Sep 2023 – Dec 2023

*Database Laboratory Assistant*

- Served as a laboratory assistant, contributing to the teaching, mentoring, and evaluation of students in the Database course, covering database development concepts from design and modeling to SQL-based database development implementation using SQL Server.

**Vakantiewoningen**, Netherlands

Sep 2023

*Freelance Frontend Developer*

- Developed responsive website for Vakantiewoningen using HTML and Tailwind CSS framework.
- Implemented over 30 design pages within a strict 2-week deadline, ensuring timely project completion.
- Managed client revisions efficiently, adapting swiftly to feedback to achieve project goals.
- Successfully handled pressure, delivering high-quality work within a 2-week deadline consistently.
- Collaborated effectively with project managers and teams, ensuring seamless website development for Vakantiewoningen.

**Bang RJ Store**, Malang

Nov 2022

*Freelance Frontend Developer*

- Developed and maintained the front-end of RJ Store's website using HTML and Tailwind CSS framework.
- Ensured seamless integration of UI designs into functional web interfaces.
- Collaborated with UI designers and cross-functional teams to align development with project objectives.
- Thrived under pressure, consistently delivering high-quality work within tight deadlines.
- Proficiently handled client revisions, adapting swiftly to feedback for optimal project outcomes.
- Facilitated smooth coordination between UI/UX teams and developers, ensuring a cohesive and efficient website development process.

## EDUCATION

---

**University of Brawijaya**, Malang

Aug 2021 – April 2025
